

# ARE WE TEACHING STUDENTS TO BE RESPONSIBLE OR JUST OBEДИENT?

Teaching

## RESPONSIBILITY

Students Are Empowered To Be Active Decision Makers

Students Are Provided Choices Daily In Class

Students Feel Genuine Ownership In Their Classroom

Students Are Given Space To Make Mistakes And Then Are Guided On How To Grow From Them

Students Have Provided Their Input In Classroom Rules & Expectations

Teachers Clearly Express Their Reasoning When Providing Student Feedback, So Students Can Effectively Process This Information

Just Teaching

## OBEДИENCE

Teachers Make The Majority of Decisions Without Student Input

Students Are Usually Provided Choices As A Result of Good Behavior

Students Feel That The Classroom Environment Is Teacher-Centered

Students Feel Micromanaged To Not Make Mistakes & Have No Tools To Cope When They Make Them

Classroom Rules & Expectations Were Displayed Before The Students' 1st Day

Students Simply React To Teacher Feedback, Rather Than Think It Through Because No Teacher Reasoning Is Shared
